

WaterWorks 2008 Garden Application

Organic Gardening Magazine and partners Aveeno, Nature's Path and Echo are looking for community gardens interested in taking part in a water conservation grant program that will award gardens with cisterns to harvest rain water. Gardens interested in applying for the program should complete the application below and submit it by email or fax to the contact information at the bottom of the form. We encourage you to include photos when submitting your application. Please contact us if you have any questions about the program. We look forward to reviewing your application!
